

**Jeff Larmore,
Manager, Hazardous Materials
Marion County Health Department**

Jeff Larmore is employed by the Marion County Health Department (a Division of the Health and Hospital Corporation of Marion County) as the Manager, Hazardous Materials, for the Bureau of Environmental Health's Department of Water Quality and Hazardous Materials Management. Larmore has been with the Marion County Health Department since 1983. Larmore's current duties include managing the health department's Environmental Emergency Response Team, as well as the bureau's Indoor Air Quality and Occupational Health programs. Larmore is also the planning coordinator for the Marion County Local Emergency Planning Committee (LEPC).

A Registered Environmental Health Specialist (REHS), Larmore's background includes industrial hygiene, hazard evaluation, risk assessment, toxicology, and health and safety program development. Larmore has 20+ years of public health experience and has performed countless health hazard evaluations, including assessments of unknown hazards in indoor environments.

A graduate of Butler University, Larmore has received additional training at the OSHA Training Institute in Des Plaines, Illinois, at the National Institute for Occupational Safety and Health in Cincinnati, Ohio, and at emergency response/preparedness courses sponsored by the U.S. Environmental Protection Agency and the U.S. Department of Homeland Security. Larmore is a certified hazardous materials manager (CHMM) and a certified Hazmat Technician. Larmore is a member of the American Industrial Hygiene Association and the Indiana Environmental Health Association.
